OUR SERVICES

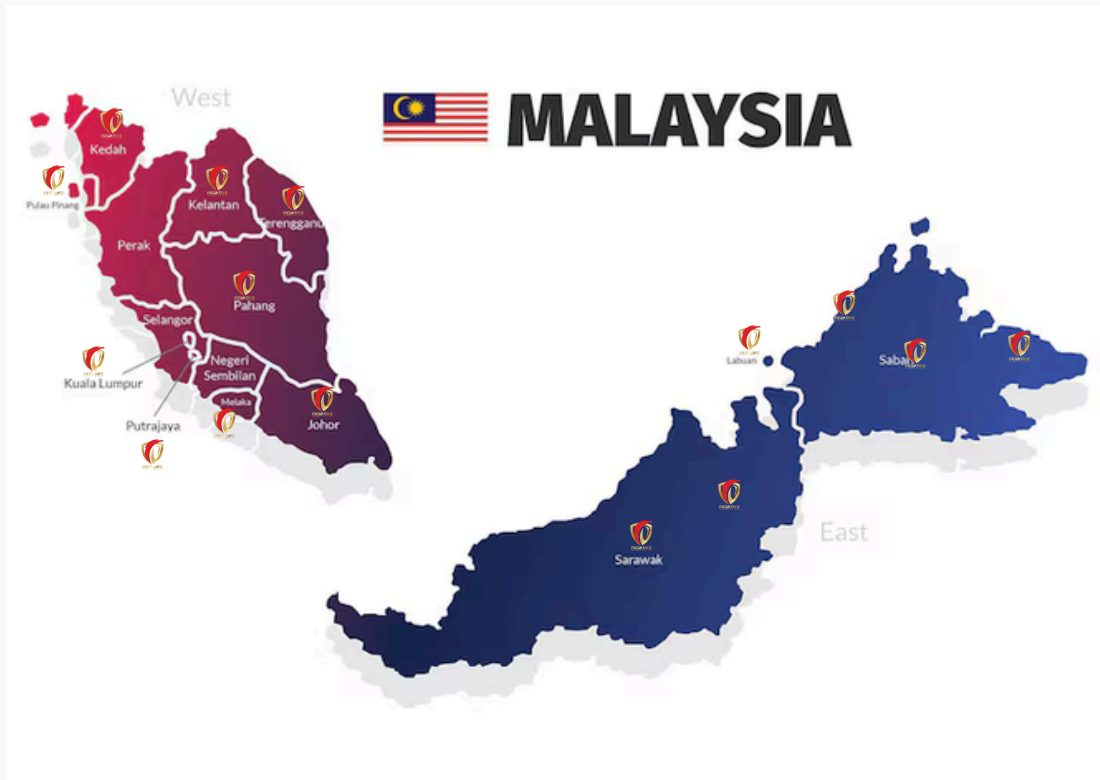

We Offer the following services:

Static Guards : Highly sought after in the commercial sector as well as in government and semi-government sectors. Ex-members of the industry primarily recruit our guards. They are Malaysian citizens who have undergone thorough vetting and clearance of any criminal offenses or breaches of the law. Preference is given to employing Malaysia citizens, aligning with the government's plan to prioritize local recruitment over hiring Nepalese security guards for the industry. This initiative supports the government's call for the security industry to be staffed by locals. Our company provides this service for the following sectors:

- **Manufacturing**
- **Warehousing and logistics centers**
- **construction**
- **Hospitality industry (Hotels, Resorts, Golf Resorts, Eateries)**
- **Medical Centers**
- **Office Complexes**
- **Shopping Malls**
- **Apartment/Condominiums**
- **Residential/Community Gated Properties**
- **Educational Centers/Institutions**
- **Government/Semi-Government Properties**
- **Port Authorities/Shipping**
- **Plantations**

MARKET SIZE

Market size is the total amount of all sales and customers that can be seen directly by stakeholders. This technique is usually calculated at the end of the year, the market size can be used by companies to determine the potential of their market and business in the future.
